

November

And just like that, Friday is November! We are well on our way into another amazing year of growth and learning. We have lots of activities and events happening in November as well, so please be sure to keep an eye on your emails for updates and check out the calendar for these dates.

Our teachers are excited to have parents into the school next week to share students' strengths, celebrations and needs. We encourage all parents to take this opportunity to connect with their child's teacher! Please feel free to contact your child's teacher if you have questions or concerns about your child's progress, at any time throughout the year. We strongly believe in working together and communicating regularly to best support our students.

We hope our families have an enjoyable month of November. I hope everyone has an opportunity to have a little extra family time and perhaps some needed rest on our upcoming 4 day weekend. We are grateful for all our families and thank you all for sharing the opportunity of working with your children.
