

April 2025

Happy Spring everyone! Our school year is moving so fast! Amongst all the hustle and bustle, we are happy to find our staff and students immersed in new challenges and engaged learning. Life at Hodgeville School, as usual, is exciting, dynamic and always interesting.

We were so lucky to have had some great learning opportunities in March that I would like to highlight. First off, mother nature decided to work in our favour this time, and we were able to have a very successful day at Mission Ridge for our annual ski trip. Many students have expressed their gratitude in being able to participate in this opportunity. Thanks to Mrs Koudelka for all your hard work preparing and organizing everything to make this day happen and run smoothly.

This month we also celebrated Agriculture Literacy Month with many guest speakers. The kids took part in making ice cream from cream during milk week, as well as, made buns from wheat! They learned “from farm to plate”, how butter is made, as well as, their delicious whole wheat buns! Lastly, they got to learn about Bee Farming from our local Hutterite Colony. Thanks to all our presenters and organizers. The students loved all the interactive learning they were able to take part in.

I encourage all students to make the very most of the next few weeks as we move toward Spring Break. Appreciate each day within our school community and take advantage of your special opportunities as a Coyote. I wish you all a great Easter Break.
