

MAY

2025

Spring is in the air! The students seem to have a little extra energy these days as the sunshine and warm weather is arriving, but it's great to see all their smiles and laughter. It's hard to believe there are only about 9 weeks of school left.

We would like to welcome Mr. Larry Klassen to our school team. Larry is excited to be working back in a small town school as that is where his passion lies. We would also like to congratulate and welcome Mrs. Ailie Meyer's. She will be starting with us in the fall in the middle years classes. With our new welcomes we also have to say goodbye to a few. We would like to wish Gary and Mrs. Goettler the best of luck in their new adventures.

Everyone is working diligently to make the most of these final two months of school and I want to thank everyone for their ongoing efforts. This final stretch to summer is always a long stretch with May long as our only holiday, however, we will be busy with track and field meets and year end trips, so I am sure it will fly by as quickly as the rest of the school year has.

I wish all the moms a Happy Mother's Day, good luck with seeding to all the farming families, and I hope that everyone finds a bit of joy in the warmer weather and rejuvenation of spring.

There are no classes on Monday, May 19th. We wish our school community a safe, relaxing and enjoyable May long weekend.
